CAREER SUMMARY

I am an aspiring and result-oriented **Java and MERN Full-Stack Developer** with a strong foundation in **competitive programming** and a passion for solving complex technical challenges. With demonstrated expertise in **cloud computing, SQL and NoSQL databases,Blockchain** and modern web development technologies, I excel at crafting scalable, efficient, and user-centric software solutions.

My technical competencies include a solid command of **Java, JavaScript, ReactJS, NodeJS**, and **ExpressJS**, along with deep knowledge of **database management systems (DBMS).** I thrive in collaborative environments, bringing analytical thinking and a proactive approach to problem-solving, as evidenced by my selection as a **Smart India Hackathon 2024 Grand Finalist**.

Driven by a passion for technology and innovation, I continuously enhance my skill set in cl**oud-based solutions**, **system design**, and **leadership**. I am eager to contribute to impactful projects that leverage my expertise and align with cutting-edge developments in the software industry.

SKILLS AND STRENGTHS

- **Full-Stack Development**- Proficient in Java, JavaScript, ReactJS, NodeJS, and the MERN stack for building scalable web applications.
- **Database Management**- Strong expertise in SQL and NoSQL databases with a focus on design and optimization.
- **Competitive Programming**- Skilled in data structures and algorithms with experience in coding competitions.
- **Cloud Computing**- Knowledgeable in AWS Cloud Foundations and deploying cloud-based solutions.
- **Systems Design**- Experienced in designing efficient system architectures and collaborating within teams.
- **Leadership & Communication:** Proven ability to lead technical teams and deliver clear, actionable insights.
- **Data Visualization:** Proficient in tools like Tableau to create impactful visual representations of data..

PROFESSIONAL ACCOMPLISHMENTS

- **Achieved National Recognition**: Selected as a **Grand Finalist** in **Smart India Hackathon 2024**, showcasing innovative problem-solving and technical expertise at a prestigious national-level competition.
- **Secured First Place**: Won the **MIT E-SUMMIT Ideathon** for presenting an innovative project proposal, demonstrating creativity, teamwork, and technical acumen.

- **Optimized Project Management**: Earned certifications in **AWS Cloud Foundations** , **Cloud Architecting** and **Data Visualization** using Tableau..
- **Certified Skills**: Improved project tracking efficiency by **30%** through the development of a full-stack portal system.

WORK HISTORY

- **Mozilla Club, Pune – Technical Team Member (11/2023 – Present)**

  Collaborating on technology-driven initiatives and contributing to the development of innovative solutions.

- **Campus Credential, Remote – Tech Member (Intern) (06/2024 – 08/2024)**

  Designed and developed a full-stack project management portal, enhancing efficiency and task tracking.

EDUCATION
Bachelor of Technology (B.Tech.) in Computer Engineering (Expected: 2026)
MIT Academy of Engineering, Alandi, Pune, Maharashtra, India

Higher Secondary Education (12th Grade) (2021)
Secondary and Higher Secondary Education Board, Pune, Maharashtra, India – 87.83%

Secondary Education (10th Grade) (2019)
Secondary and Higher Secondary Education Board, Pune, Maharashtra, India – 89%
